13 Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work)*

Mack Energy Corporation would like approval to downhole commingle production in the Jenkins B Federal #3. We propose to commingle production from the Grayburg Jackson, SR-Q-G-SA and Loco Hills Paddock formations. Testing will be conducted after completion operations. Allocation percentages will be determined using increased production.
