3. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Mewbourne Oil Company received an approved APD for the above caption well. After further review, MOC would like to ask to waive the third party testing and low pressure test of the 13 3/8" BOPE and casing. Since this section is 2000 psi rating, MOC would like to test the BOPE to 70% of casing rating using rig equipment.

During the third party testing of the 3000 psi 9 5/8" section, MOC would also like to waive the low pressure testing. If you have any questions, please call Terry Burke at 505-393-5905.
