13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

MOC would like to move the production facilities (tank battery) to the SE edge of location. This move is necessary due to caliche pad failing under existing tank battery. Interim Reclamation will ~~be~~ change, please see attached facility diagram.

Bond on file: NM1693, Nationwide & NMB000919

Accepted for record
Wade NMOC 8/27/13

Mewbourne must complete interim reclamation at the same time as relocating the Tank Battery. A 12" tall berm must be constructed around the entire well pad to prevent water flow into or out of the well pad.

Tanner Nygren 8/23/13

14. I hereby certify that the foregoing is true and correct.

Electronic Submission #216648 verified by the BLM Well Information System
