If a Watercourse was Impacted, Describe Fully.*						
<u>N/A</u>						
Describe Cause of Problem and Remedial Action Taken.*						
Hole discovered in buried water line. The line is actually located on the e						
R24E, Latitude: 32.41516; Longitude: 104.48460). The well was shut in and vacuum truck(s) were called to the location. There was no oil (residual from						
the pipe line) and or produced water recovered.						
Describe Area Affected and Cleanup Action Taken.*						
An approximate area of 20' X 20' (on pad area) 20' X 100' (off of pad).						
TPH & BTEX (chlorides for documentation). The analytical results shoul						
(approximately 100', per the ChevronTexaco Trend Map), Wellhead Protection Area: No, Distance to Surface Water Body: >1000', SITE RANKING IS 0.						
I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and						
regulations all operators are required to report and/or file certain release r	notifications and perform corrective ac	tions for releases which may endanger				
public health or the environment. The acceptance of a C-141 report by the	e NMOCD marked as "Final Report"	does not relieve the operator of liability				
should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health						
or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other						
federal, state, or local laws and/or regulations.
