13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplate horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

Have applied with the NMOC for a Pressure Maintenance Injection well. (C-108). Application attached.

When approved, will convert this producing well to injection.

1) Pull production equipment.

2) Run tubing and packer to approx. 350 ft.

3) Test integrity of casing, load w/ the FL.

4) Insert into existing ports from 4 in

5) File subsequent report.
