NATURE OF RELEASE

Type of Release	Oil and Produced Water	Volume of Release	2 barrels of oil and 6 barrels of water	Volume Recovered	0 barrels
Source of Release	Flow line	Date and Hour of Occurrence	8/17/2014	Date and Hour of Discovery	8/17/2014 at 9:00 a.m.
Was Immediate Notice Given?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Not Required	If YES, To Whom?	Jeffery Robertson with the BLM		
By Whom?	Bruce Baker	Date and Hour	8/17/2014 at 12:59 p.m.		
Was a Watercourse Reached?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	If YES, Volume Impacting the Watercourse.			

If a Watercourse was Impacted, Describe Fully.*

Describe Cause of Problem and Remedial Action Taken.*

A pin hole developed in the 3 inch steel flow line. The well was shut in and the line was repaired.

Describe Area Affected and Cleanup Action Taken.* The release affected the lease pad and approximately 600 yards down a ravine. The area was mapped and surface samples collected and sent to a commercial laboratory for analysis of TPH, BTEX, and Chlorides. Peat absorbent was used in the ravine area to soak up the standing fluid and then removed by shovel. A berm was installed on the west side of the lease pad and the release area was dusted with caliche to minimize further impact to the ravine due to recent thunderstorm activity in the area.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
