Operator,

The NMOCD District 2 Office (OCD) is in receipt of a remediation work plan submitted to the OCD by your agent, Eddie Seay Consulting. The work plan outlines proposals for remediation of contaminated materials at the above referenced well site. Contaminated areas were identified by an OCD field inspection on 9/28/2005.

The work plan is accepted as presented with the following stipulations:

1. Please submit a form C-141 Initial Report. If the current operator is unaware of volumes and dates of releases, please indicate that information on the form.
2. Notify the OCD District 2 office 24 hours prior to commencement of remediation/delineation activities.
3. Notify the OCD District 2 office 24 hours prior to obtaining samples where analysis of samples obtained are to be submitted to the OCD.
4. If ground water is encountered at any time during the remediation/delineation project, the OCD is to be notified immediately.
5. Submit a C-141 Final Report upon satisfactory completion of project. Attach confirmation sample analysis if applicable.
6. Work on this project is commence no later than November 14, 2005.
7. Notification and like approval required by BLM if applicable.

Enclosed is a photo of a small pit located on this location. Please advise to current status of pit and if it is to be included in the delineation/remediation of this site.

Please be advised that NMOCD acceptance and/or approval of documents or work plans does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance and/or approval of documents or work plans does not relieve the operator of compliance with any other federal, state, local laws and/or regulations.

If I can be of assistance in this matter and for notification, my contact information is listed below.

Thank you,

Mike Bratcher
