13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomple horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recomple in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

This was plugged as follows:

12/19/14: POH w/ packer and tubing. RIH to 620' open ended.

12/22/14: Pump cement down tubing and out casing. Plugged well w/ 76.5 sx from surface to 620'.

A dry hole marker will be installed on this well and the location cleared of junk and remediated to BLM standards.

See wellbore diagram attached
