ConocoPhillips respectfully requests approval to extend temporary abandonment status for one year to allow time for the well to be converted to injection. This request was discussed between Mr. Dade, District Supervisor and Susan Maunders, Regulatory Specialist on March 30, 2015.

The approval is set to expire 05/01/15. This well, which passed it's most recent MIT, has been temporarily abandoned due to low oil production. Engineering has determined placing the well into service as part of the pressure maintenance project would provide benefit to offset wells.

The C-108 package is being submitted separately.

~~Temporary Abandoned Status~~ Approved
