**Additional data for EC transaction #234478 that would not fit on the form**

**32. Additional remarks, continued**

Each well will have its own meter and no surface commingle will take place.

All equipment is located on Fee land and waiver to access property will be given to BLM.

By utilizing the existing facilities the off lease measurement of production is in the interest of conservation, the reduction of environmental impact area, and overall emissions. It will not reduce royalty or improper measurement of production. No royalty rate or values will be affected.

We understand that the request approval will not constitute the granting of any right-of-way or construction right not granted by the lease instrument. And, we will submit within 30 days an application for right-of-way approval to the BLM's Realty Section in your office if we have not already done so.
