NMOCD Permit Number: 2-13-0022

Mr. Yates,

Your NMOCD Form C-144 permit request for construction and utilization of an earthen drilling pit at the above referenced site is approved. The drilling pit is permitted per 19.15.17 [NMAC]. Please notify the District 2 office once construction of the pit has been scheduled.

Please accept my apologies for the delayed approval response. The permit was approved effective January 2, 2015. At this time, an API number has not been assigned for this well bore. Once assigned, the permit documents will be imaged to the well file and will be available for review at OCD Online.

If you have any questions or concerns, and for notification, please contact me.
