A review of the subject well reveals this well has been placed in a wrong pool designation. The correct pool designation should be 98164 WC-015 G-07 S242712P;Upr Wolfcamp. This is an oil pool and representative of this well's corrected classification and location. Dedicated acreage will reduce from 320 acres to 160 acres. I am making this change in our records today; therefore, this well cannot be reported under pool 97442 Black River;Wolfcamp, East (G) subsequent to today. Additionally, production previously reported to pool 97442 will need to be amended to pool 98164.

If you have any questions, please let us know. Thank you ~
