COG Operating LLC submitted APD for this well at this location:

SHL: 150' FSL & 330' FWL, Unit M  
BHL: 330' FNL & 330' FWL, Unit D

This well was originally staked at the permitted location but had to be moved due to a pipeline. The original stake was never removed from the ground. Due to an error during construction, the pad was built at the original staked location and drilled.
