13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Cimarex energy respectfully requests approval to flare the White City 8 Federal Flare for a period not to exceed 90 days.

Cimarex has recently completed the well but high line pressure and compressor installation requires a low volume gas flare.

Wells Associated with this battery:
White City 8 Federal 2 (30-015-41609)
White City 8 Federal 3 (30-015-42160)

Cimarex proposes to flare a limited amount of gas from the well beginning April 2, 2015 to July 1, 2015. The information below indicates the anticipated flare volumes.
