NM OIL CONSERVATION
ARTESIA DISTRICT
NOV 06 2015

Describe Cause of Problem and Remedial Action Taken.*

The release was associated with drilling activities but the cause and source of the release is unknown.

RECEIVED

Describe Area Affected and Cleanup Action Taken.*

The release affected the southwest area of the pad and the pasture south and southwest of the pad. The area was mapped and field samples were collected.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
