13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

The permit for the Foxx 31 Federal Com #3H well will expire on 2/18/2016. Cimarex respectfully requests a 2 year extension of the drilling permit in order to accommodate rig availability.

### **Denial of APD extension**

1. This extension is being denied due to the present EA not covering the current affected environment by not analyzing the proposed ACEC which this well is located within.

If you would like to drill this well in the future a new APD will have to be submitted so as to properly evaluate the total affected environment during the EA process.
