Dear Ms. Richardson:

Our records reflect that Yates Petroleum Corporation is operating the Herradura Unit area. The Herradura Unit contains 7,681.37 acres of State and Federal lands in Eddy County, New Mexico.

Our records also reflect the following:

- The Herradura Unit Agreement was approved to test the Bone Spring formation effective July 30, 2010.
- NMOCD Case No. 14473, Order No. R-13270 approved the Herradura Exploratory Unit for all formations from the surface to the base of the Bone Spring formation.
- The initial unit well, the Herradura Unit Well No. 1 (30-15-37932) NE/4NE/4 Sec. 16-24S-25E was a non-commercial Morrow gas well with a N/2 dedicated spacing unit. This well is currently being produced on a lease basis.
- The Herradura Unit Well No. 2H (30-015-37933) Lot 1, Sec. 2-24S-25E was proposed to test the Bone Spring formation. This well was never drilled.
- The Herradura Well No. 002H (30-015-41957) SE/4SE/4 Sec. 2-24S-25E was proposed to test the Bone spring formation. This well was never drilled.
- The (Herradura BQB State Well No. 1H) Herradura Well No. 3H (30-015-37849) Lot 2, Sec. 4-24S-25E was changed from a proposed horizontal Bone Spring well (W/2E/2) to a vertical Morrow gas well. The well name was subsequently changed to the Herradura Unit Well No. 3. This well was completed as a Morrow gas well on February 3, 2012 and has an E/2 320.00 acre proration unit dedicated to it. This well was determined non-commercial by our letter of September 23, 2013 and the BLM letter of March 26, 2013. This well is currently being produced on a lease basis.

Our letter of August 2, 2012 approved Yates Petroleum Corporation's request for a drilling extension to November 3, 2012 to drill the Unit Well No. 4.

- The Herradura Unit Well No. 4H, Lot 2, Section 4-24S-25E was spudded on August 3, 2012, drilled to 255' and Plugged and abandoned on April 8, 2015.

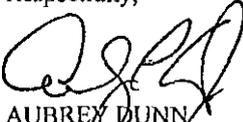

- Pursuant to Article 9 of the Herradura Unit Agreement, the initial Bone Spring well was never drilled or tested.
- There are no active participating areas in this unit.
- Your 2014 plan of development calls for no drilling and to evaluate production from the producing wells.

In view of the above, pursuant to Article 9, Drilling to Discovery, of the Herradura Unit Agreement, please be advised that the Commissioner of Public Lands has this date terminated the Herradura Unit agreement. This termination is effective April 8, 2015 being the date the Herradura Unit Well No. 4 was plugged and abandoned. This termination is subject to like approval by the Bureau of Land Management.

Please notify all interested parties of this action.
