Subject: Duncan Federal 11 Drilling Pit Permit Modification

RE: Jalapeno Corp * Duncan Federal 11 * 30-005-64211 * Permit number: 2-13-0011

Mr. Yates,

Your Form C-144 "Modification to an existing permit/or registration", which proposes to trench bury the drill pit contents from the above referenced well, on site, is not approved. The BLM, as surface owner, has protested the burial/onsite disposal, and has requested OCD not approve the permit modification. Per 19.15.17 [NMAC], you may request a hearing on the denial of your permit modification. Please contact Florene Davidson in the Santa Fe OCD office (505-476-3458) to set the matter for hearing.

Best regards,

Mike Bratcher
