13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomple horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

This well was shut in on 12/1/2015. COG requests permission to leave this well shut in for a period of one year. The well is shut in due to DCP's inability to transport because of Transwestern's pipeline being shut in for repairs. It is anticipated that these repairs will be completed within one year.

### **Shut-in of Well on Federal Lands**

**COG Operating LLC**  
**Nutrageous Federal Com 1**  
3001532869, Lease-NM0454018, CA-NM111021

As per your Sundry request the above well is Shut-in (SI). The Bureau of Land Management (BLM) definition of a shut-in well is a completion that is physically and mechanically capable of production in paying quantities or capable of service use. 43 CFR 3162.3-4 (C) requires that wells incapable of production in paying quantities be promptly plugged and abandoned and requires approval for any well temporarily abandoned for more than 30 days.

**Your Sundry Notice is being Rejected.**

Well does not appear to be producing in paying quantities.

**Do one of the following:**

1. Resubmit sundry request with economic justification to Shut-in well.
2. Submit sundry to P&A well.
