Unknown individual or company dumped approximately 80 bbls disposal water on our well pad.

Describe Area Affected and Cleanup Action Taken.\*

On location. No action taken.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

Operator,

The New Mexico Oil Conservation Division District 2 Office (OCD) is in receipt of an Initial Report Form C-141 reporting an illegal dumping event that occurred on 1/10/2006 at the above referenced location

Please submit a proposal for remediation of the fluids released, per OCD Rules and Guidelines.

The OCD understands this release was the result of unauthorized dumping by an unknown individual or company but believes the volume released to be substantial enough to require remediation and/or documentation of contaminants that may be present.

Please provide a response no later than April 23, 2006.

If I can be of assistance in this matter, my contact information is listed below.

Sincerely,

Mike Bratcher
