OXY USA WTP LP respectfully requests to extend the Temporary Abandon Status Approval. This well was evaluated for up-hole opportunities and potential was found in the San Andres formation via tertiary recovery (CO₂ flood). Additional time is needed to fully access and plan a project in conjunction with favorable market conditions.

1. Notify NMOCD of casing integrity test 24hrs in advance.
2. RU pump truck, circulate well with treated water, pressure test casing to 500# for 30 min
