13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomple horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recomple in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.

OXY USA Inc. respectfully requests a variance to the 90 day requirement in the approved APD's COA's to complete drilling after the spudder rig has moved off the well. The surface hole was drilled, cased and cemented 3/27/18, see attached for sundry notice.

OXY is currently analyzing the current production from the offset wells and currently plans to fully develop and complete drilling of this well by the 4th quarter 2019. Please see attached for additional information.

Carlsbad, New Mexico 88220

RE: Nimitz BLM Non-Compliance Notification—Justification
OXY USA Inc.
Nimitz MDP1 13 Fed Com 1H and Nimitz MDP1 12 Fed Com 8H
TNC_19MB014i and 19MB015i
Section 13, 12, 1, T24S-R30E, Eddy County

Dear Mr. Balliett:

Oxy USA Inc. respectfully seeks approval to postpone drilling operations on the Nimitz MDP1 13 Fed Com 1H and Nimitz MDP1 12 Fed Com 8H till no later than Q4 2019. These two Nimitz wells in question were initiated with a spudder rig but have not been drilled to the final proposed TD.

Development of the remaining 2 Nimitz wells - Nimitz MDP1 13 Fed Com 1H and Nimitz MDP1 12 Fed Com 8H are pending well performance of the 2018 drills in the Nimitz 13 and 12 sections. It is Oxy's responsibility as a prudent operator to optimize well spacing for horizontal development and minimize reserves left in the ground. With this time extension to analyze production results, Oxy will optimize recoverable reserves.

Oxy currently plans to fully develop and to complete the drilling of the two wellbores by Q4 2019.

Sincerely,

A handwritten signature in black ink, appearing to read "Kacie Cruz", written in a cursive, flowing style.

Kacie Cruz
Development Production Engineer
Oxy USA Inc.

Michael,

Attached please find the response to the above referenced INC concerning the completion of drilling activities on the NIMITZ MDP1 13 Federal Com # 1H wellbore located in Eddy county New Mexico on Lease NMNM82896. The subject well was initiated with a spudder rig and due to planning issues, we have not been able to move in a rig to drill the well out to the final proposed depth at this time. It is requested that the wellbore remain shut-in at this time until the resumption of drilling activities that are scheduled to be completed by the fourth quarter of 2019. Please see the attached letter from the Development Engineer, Ms. Kacie Cruz, with the projected time line.

In addition, a copy of the information above will be sent to your attention via U.S. Mail at your Carlsbad Office.

Thank you,

Robert K Wilson
Regulatory Engineer

Remarks

Per the attached Sundry Notice, Oxy drilled the surface hole and moved the spudder rig off on 3/27/18. No further drilling has been done on this well. You were required by the COA's to start drilling again within 90 days after the rig moved off the hole. Perform one of the following actions:

(Remarks continued on following page(s))

When violation is corrected sign this notice and return to above address

Company Representative Title REGULATORY ENGINEER Signature [Signature] Date 11/8/2018

Company Comments Please find attached A letter of explanation for the referenced well and request to leave the well shut-in until the completion of drilling operations by the fourth quarter 2019, in one year.

WARNING

Incidents of Noncompliance correction and reporting timeframes begin upon receipt of this Notice or 7 business days after the date it is mailed, whichever is earlier. Each violation must be corrected within the prescribed time from receipt of this Notice and reported to the Bureau of Land Management office at the address shown above. Please note that you already may have been assessed for noncompliance (see amount under "Assessment for Noncompliance") If you do not comply as noted above under "Corrective Action To Be Completed By" you may incur an additional assessment under (43 CFR 3163.1) and may also incur Civil Penalties (43 CFR 3163.2). All self-certified corrections must be postmarked no later than the next business day after the prescribed time for correction.

Section 109(d)(1) of the Federal Oil and Gas Royalty Management Act of 1982, as implemented by the applicable provisions of the operating regulations at Title 43 CFR 3163.2(f)(1), provides that any person who "knowingly or willfully" prepares, maintains, or submits, false, inaccurate, or misleading reports, notices, affidavits, record, data, or other written information required by this part shall be liable for a civil penalty of up to \$25,000 per violation for each day such violation continues, not to exceed a maximum of 20 days.

REVIEW AND APPEAL RIGHTS

A person contesting a violation shall request a State Director review of the Incidents of Noncompliance. This request must be filed within 20 working days of receipt of the Incidents of Noncompliance with the appropriate State Director (see 43 CFR 3165.3). The State Director review decision may be appealed to the Interior Board of Land Appeals, 801 North Quincy Street, Suite 300, Arlington VA 22203 (see 43 CFR 3165.4). Contact the above listed Bureau of Land Management office for further information.
