13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion of recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

XTO Permian Operating, LLC respectfully requests access to pasture soils represented within the attached file to remediate the open spill file 2RP-4127. An estimated 180 cubic yards of impacted soil is to be removed to fulfill OCD regulatory guidelines. Remediation efforts were initiated on 06/20/2019. A closure report will be submitted following confirmation soil sampling. The excavation will be then backfilled and reclaimed with the recommended top soil after OCD and BLM approval.
