13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is made for final reclamation.)

Gas streams for each well are measured independently at each respective well site and then gas pipelines flow gas to Duke's sales gas master meter (#06375737 "Crow Flats 34 M/M") where gas streams are commingled (SE/4 of 33, T16S, R28E). Commingling began with first gas sales from Falcon Keys 33 State Com #1 well.
