If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the final site is ready for final inspection.)

OXY USA WTP LP requests permission to set two (2) enclosed walk-in steel storage containers, measuring 8' X 40' and 8' X 53'. These containers will be set on the existing pad, which is 189' X 294' of the Old Ranch Knoll 8 Federal #8, located @ 1500 FSL 1080 FWL NWSW(L) Sec 8 T22S R24E, Eddy County, NM. OXY plans to store spare parts (pumps, gaskets, pipe fittings, etc.) to be used in the OXY operated Indian Basin area. Because of the distance to the nearest town, approval of this request would significantly reduce downtime on wells and facilities requiring minor maintenance.
