---

The following are facts regarding the above listed well:

1. The well is a salt water disposal.
2. The well has not been used or injection reported since 1998.
3. An application was made to BLM, and Approved, to temporary abandon the well however the BLM did not give a expiration date of the TA Status.
4. The provisions of Rule 19.15.9.705.C(1) apply.

Since the well is no longer classified as a SWD, testing of this well is suspended.
