HAND-DELIVERED

Mark Fesmire, P. E.
Director
Oil Conservation Division
New Mexico Department of Energy,
Minerals and Natural Resources
1220 South Saint Francis Drive
Santa Fe, New Mexico 87505

Re: Application of EOG Resources, Inc. for administrative approval of a 219.19-acre non-standard gas spacing unit for its Seine A 6 Fee Well No. 1H in Irregular Section 6, Township 16 South, Range 25 East, NMPM, Eddy County, New Mexico.

Dear Mr. Fesmire:

EOG Resources, Inc. ("EOG"), pursuant to the provisions of Division Rule 104 D (2)(b) and (c) adopted on January 18, 1996, hereby seeks administrative approval of a 219.19-acre non-standard gas spacing and proration unit for the Seine A 6 Fee Well No. 1H to be drilled to test the Wolfcamp formation from a surface location 670 feet from the North line and 210 feet from the East line and a bottomhole location of 760 feet from the North line and 660 feet from the West line in Irregular Section 6, Township 16 South, Range 25 East, N.M.P.M., Eddy County, New Mexico.

EOG's well will test the Wolfcamp formation which is developed on 320-acre spacing pursuant to the general rules of the Division.

This non-standard gas spacing and proration unit is necessary because of a variation in the legal subdivision of the United States Public Land Surveys. This unit is comprised of contiguous lots which lie wholly within a single governmental section and are joined by a common side. This non-standard spacing unit is a result of an oversized section on the northern township line. EOG has drilled the Seine C 6 Well Nos. 1H and 2H in the south 320 acres of this section. EOG also plans to drill the Seine B 6 Well No. 1H well on the 320 acres immediately north. Due to the oversized nature of the section, that leaves the 219.19 acres on the north end of the section unallocated. Attached as **Exhibit**

A is the C-102 showing the subject spacing unit. **Exhibit B** is an aerial map showing the surface location of the well (which was moved due to a pecan orchard and residence) and the offsetting spacing units. EOG is the operator in Section 1, Township 16 South, Range 24 East and Section 5, Township 16 South, Range 25 East. Myco Industries, Inc. is the operator of an adjoining spacing unit to the north in Section 34, Township 15 South, Range 24 East, NMPM, Chaves County, New Mexico.

There are no interest owners being excluded from the spacing unit pursuant to Division Rule 1210. EOG has sent notice to Myco with a copy of this application (with attachments) and has been advised that if they have an objection to this application it must be filed in writing with the Division's Santa Fe office within twenty days from the date this notice was sent.

Your attention to this application is appreciated.

Very truly yours,

A handwritten signature in cursive script that reads "Ocean Munds-Dry".

Re: Application of EOG Resources, Inc. for administrative approval of a 219.19-acre non-standard gas spacing unit for its Seine A 6 Fee Well No. 1H in Irregular Section 6, Township 16 South, Range 25 East, NMPM, Eddy County, New Mexico.

Ladies and Gentlemen:

Enclosed is a copy of the above-referenced application which was filed with the New Mexico Oil Conservation Division on this date by EOG Resources, Inc. for administrative approval of a 219.19-acre non-standard gas spacing unit for its Seine A 6 Fee Well No. 1H, to be drilled from a surface location 670 feet from the North line and 210 feet from the East line to a proposed bottomhole location 760 feet from the North line and 660 feet from the West line of Section 6, Township 16 South, Range 25 East, N.M.P.M., Eddy County, New Mexico.

As an owner of an interest that may be affected by the proposed well, you may object to this application. Objections must be filed in writing within twenty days from this date at the Division's Santa Fe office that is located at 1220 South Saint Francis Drive, Santa Fe, New Mexico. 87505. If no objection is received within this twenty-day period, this application for an unorthodox well location may be approved.

Very truly yours,

Ocean Munds-Dry
