13. Describe Proposed or Completed Operations (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once Testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Yates Petroleum Corporation request to cancel the previously approved sundry dated 7/6/2006 with regards to Change of Pad Size, And request the following Surface Use Plan Change.

A 30' easement around the, North, East and West perimeter of the Frisbee location. With the huge amount of equipment on location it is necassarey to have a entrance and exit for safety issues for a 24 hour a day anticiapted frac job.
