RE: BTA Oil Producers
Pardue 8808 JVP #6
Pit Closure

30-015-34621

Mr. Bratcher:

BTA has finished with the pit closure at the above listed site. The contractor, ED Walton, hauled 1600 cu. yds. of material to CRI. The bottom was sampled and some additional material was excavated and resampled in area 2 & 4. The samples were within OCD guidelines, permission to close given by Tim Gumm. The area has been backfilled and leveled.

If you have any questions, please call.

Thanks,

Eddie W. Seay, Agent

If this is a pit closure: (1) Attach a diagram of the facility showing the pit's relationship to other equipment and tanks. (2) Indicate disposal location: (check the onsite box if you are burying in place) onsite ☐ offsite ☒ If offsite, name of facility _____. (3) Attach a general description of remedial action taken including remediation start date and end date. (4) Groundwater encountered: No ☐ Yes ☐ If yes, show depth below ground surface _____ ft. and attach sample results. (5) Attach soil sample results and a diagram of sample locations and excavations.

Additional Comments: Plan to excavate and haul contents of drilling pit to a
OCD approved disposal facility. Sample bottom of excavation
and backfill and level only after OCD approves.

Notify OCD before starting and file summary notice after closing
will begin soon after approved. Final Closure completed 12/11/06

I hereby certify that the information above is true and complete to the best of my knowledge and belief. I further certify that the above-described pit or below-grade tank has been/will be constructed or closed according to NMOCD guidelines ☒, a general permit ☐, or an (attached) alternative OCD-approved plan ☒.
