Yates Petroleum Coporation respectfully requests permission to extend the Temporarily Abandon status of this well in order to evaluate offset Delaware and Bone Springs production. TPC recently tried a Delaware recompletion in this township and it was unsuccessful. We are now contemplating a Brushy Canyon Delaware completion in the Williamson BC #3 in the sands between 5,104' down to 5,780'. If the evaluation is favorable we would start the recompletion in 8-12 months.

NOTE: Mechanical Integrity Test conducted on 1/27/03.
