Dear Mr. Gumm:

Marbob Energy Corporation respectfully requests administrative approval for an unorthodox location of the Burch Keely Unit #985 well as referenced above. Attached is an OCD Form C-102 showing the proposed oil well spacing unit along with a map showing the adjoining spacing units. The well is unorthodox to the east boundary of the NE/4NE/4. The affected spacing unit is included in the Burch Keely Federal Unit which covers all of Section 24. Notice has been provided to the operator and working interest owners of that unit.

This location will also increase our secondary/tertiary flood pattern options and give us more flexibility to modify or change flood patterns in the future to maximize oil recovery from this unit. The surface problem encountered was cultural but the fifty foot move was perceived as a reasonable compromise and this was the only acceptable location to the archeologist.

Thank you for your consideration of this. If you need to talk with me further please call me at 800-748-1550.

Sincerely,

William Miller  
Land Department

Gentlemen:

This letter will serve as notice of our application for the above described unorthodox location. A copy of the complete application is enclosed for your review. If you object to this application please advise OCD Santa Fe in a timely manner. If you do not object no action is required on your part. If you have any questions regarding this please contact me.

Sincerely,

William Miller
