13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

The permit to drill the lateral portion of this well was approved March 30, 2006. It did not have a one year time limit stamp. We have secured a rig for some continuous drilling time but we are unable to get this work started before April 23, 2007. We respectfully request a 90 day extension to allow us to complete this drilling in an orderly time frame. A copy of the approved original is enclosed for your review.

Extension approved to June 30, 2007
