13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

This well has a drilling permit(3160-3 dated 12/02/2006)for a drilling TD of 5400'.. We have spudded and are presently drilling. We request premission to amend the total drilling depth to 6000' in order to test a lower portion of the Loco Hills Paddock formation. We will set the 7" 23# casing to this depth and cemented to 600' above the highest producing horizon. Please note this well is planned to be a vertical well.

*Cement to circulate to surface to
cover soft zone.*
