13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

BEPCO, L. P. respectfully requests an extension of the Temporary Abandonment status on this well for one year, while we evaluate the wellbore for other production potential or for other ways to utilize the wellbore. As always, BEPCO will strive to be a prudent operator by performing annual MIT tests to ensure the mechanical integrity of the wellbore. The latest MIT chart is attached.

Improper MIT, requirement is 500 psi.
