RE: Humble Grace Com #1  
API # 30-015-20350

Dear Carmen:

Please process retroactively the attached C103, C105 and attachments for Bold Energy, LP, the current operator. This well is being carried in the "Carlsbad; Morrow, South (Pro Gas)" Pool, but should be reported in the Carlsbad; Strawn, South (Gas) Pool. A bridge plug was set August 1, 1993 in the well that isolated the Morrow perforations, but completion papers were never filed by the operator at that time. Also, please be aware that additional Sundries have been filed by other Agents for Bold since and should also be reported in the Strawn.

If you have any questions, please contact me, as Bold's Agent. Also, please send all correspondence to our address at Gray Surface Specialties. Thank you.

Sincerely,

Denise Menoud
