Dear Mr. Seay

In reference to our telephone conversation of June 18, 2007, I have received the proposed work plan and initial C-141 for the above mentioned well.

I have approved the work plan and as I said on the phone you are authorized to complete the excavation.

Remediation, as approved in your work plan, must be completed no later than July 18, 2007 and a final C-141 with required analytical information, taken prior to back-fill, should also be received, by OCD, on this date.

Please contact me if I can be of further assistance or if a problem arises which will effect this due date.

Sincerely,

Gerry Guye
