13. Describe Proposed or Completed Operations (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once Testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Yates Petroleum Corporation wishes to extend the captioned well's APD expiration date for one (1) year to July 3, 2008. (C-144 attached)

Sources at Yates Petroleum Corporation have relayed information to me that they believe there will not be enough H2S anticipated from the surface to the Pre-Cambrian formation to meet the OCD's minimum requirements for the submission of a contingency plan per rule 118.

Thank you.

RE: **Gebo "BEG" Federal #1**
Sec. 12 - T. 10 S. - R. 25E.
Chaves County, New Mexico

Dear Mrs. Caffall:

The approval of the Gebo "BEG" Federal #1 extension requires that all the facilities on this well are painted a new paint color then was originally selected. The new paint color selected to paint all above-ground structures on this well is Olive Drab. In your "**Exhibit B**" for the Gebo "BEG" Federal #1; you shall attach the new paint requirement for this well as follows:

WELL DRILLING REQUIREMENTS

5 of 5 pages

G. Painting Requirement:

All above-ground structures (e.g.: meter houses, tanks, above ground pipelines, and related appurtenance, etc.) not subject to safety requirements shall be painted by the holder to blend with the natural color of the landscape. The paint used shall be a color which simulates "Standard or supplemental Environmental Colors" designated by the Rocky Mountain Five-State Interagency Committee. The color selected for painting all the well facilities is "**Olive Drab 18-0622 TPX**" (Colors derived from "**PANTONE**" For Architecture and Interiors Color Guide).

If you have any question and need further clarification of this requirement contact Richard G. Hill at this office (505) 627-247.

Sincerely,

Acting Assistant Field Office Manager, Lands & Minerals
