Tina,
 I need for you to correct both forms of 3160-4 for each well and note the correct (calculated) legal location at that point.
 "At top prod. interval reported below".
 Also, please address the following on the Shafer BHS Fed. Com. # 1
 The Indian Basin; Morrow Gas Pool rule (2) shall contain 640 acres more or less.
 I need to see if Yates Petroleum Corporation has been granted an exception to rule (2)?
 The C-102 for this well has 320 dedicated acres.

Bryan,
 Do we need to apply for this still? Please let me know so that we may get started on this. Thank You.

Dear Tina,

I need to have you send me the complete actual well bore deviation surveys as the ones submitted only goes to 7645'.
 The total depth of this well is: 10,488' (measured depth).
 In addition, I need for Yates Petroleum Corporation to apply for an exception for special pool rules to the Indian Basin;
 Morrow Gas Pool.
 The "At top prod. Interval report below" reported on BLM's completion form indicates that it does not comply with Rule (4)
 of the rule.
 Also, form C-102 dedicates 320 acres to this well. The Indian Basin; Morrow Gas Pool rule (2) shall contain 640 acres
 more or less.
 I need to see if Yates Petroleum Corporation has been granted an exception to rule (2)?
 If so, please provide supporting documentation.
 I cannot approve your C-104 at this time.
 Yours truly,

Bryan G. Arrant
