Dear Ann,

Please submit no later than 11/02/2007 the following information as we still have not received the following:

Complete set of electric logs. (Temperature survey included.)

Amended subsequent reports that show the casing pressure tests and time in minutes.

This well was completed back in 5/27/07 and as requested before, this information should have been submitted per/NMOCD rules and regulations

Yours truly,

Bryan G. Arrant

District II Geologist

New Mexico Oil Conservation Division

Hi Ann,

I need to get the following in order to further review/approve the C-104:

Well deviation report.

Completion report.

Complete set of electric logs. (Temperature survey included.)

Amended subsequent reports that show the casing pressure tests and time in minutes.

Time each string of casing that was WOC.

At least (2) hard copies of C-104.

This well was completed back in 5/27/07 and 20 after the completion date, all the above should have been submitted.

10/29/2007

Many Thanks

Bryan G. Arrant
