Dear Mr. Glass:

In keeping with the enclosed condition of approval for an extension of TA status on the subject well, please find an approved copy of the previously submitted MIT. The pressure test was witnessed and deemed a good test by Mr. Don Early of the BLM on 02/17/2005.

Please let me know if anything further is needed to extend the TA'd status for this well, as it will qualify for one of the five wells needed to comply with the first period of our ACOI, ending January 30, 2008.

If you should have any questions, please contact Ann Moore at the above letterhead address or via email @camoore@basspet.com.

Sincerely,

Ann Moore
