following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.) BEPCO, L.P. respectfully requests to waive the Hydrogen Sulfide (H2S) Drilling Plan conidition of approval requirement to be activated at 500 prior to drilling into the Atoka formation. We do not anticipate the presence of H2S in the Atoka formation gas per a gas analysis of an offset Atoka well, the Big Eddy Unit #70 (copy attached hereto). Based on searnd gen review and information from from operator,
