Additional Comments:
See Attached work plan
This well was permitted to haul off but with ground water 175' feet we would like to bury it and we will line our tank with a 20 mil liner and a 20 mil cap, leave it 3 feet below surface and sample and test as per OCD requirements.

I hereby certify that the information above is true and complete to the best of my knowledge and belief. I further certify that the above-described pit or below-grade tank has been/will be constructed or closed according to NMOCD guidelines ☒ a general permit ☐ or an (attached) alternative OCD-approved plan ☐.
