13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomple horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the final site is ready for final inspection.)

BP America respectfully requests an extension of our plan to return this well to production, which BLM had previously approved and required to be completed by 5/13/08.

We are awaiting partner approval for this work. We requested partner approval on 4/14/08 and must allow them 90 days to respond. We should receive approval by 7/14/08.

We anticipate returning this well to production by mid-August.

After 8-15-08 the well must be online or plans to P & A must be submitted.
