Re: Notice of Violation No. 02-08-12

30-015.01963

Dear Mr. Sanchez:

Thank you for your e-mail of this morning. Your e-mail was the first notice this office received. Per your letter, paragraph three, you describe the routing of the initial letter and the certified letter. You will note that these letters went to Midland, Texas. I have over the past several months requested that notices are to be sent to our offices in Oklahoma City, Oklahoma. We have completed change of address forms several times and still notices are going to Midland.

I have spoken to our field personnel and have been informed that the corrective action has been taken and the C-141 is being prepared for filing.

Please contact me at your convenience to discuss how this matter can be resolved. I must say that this matter was complicated by the fact that the initial notice was not sent to the appropriate location and that the administrative action is being initiated based upon this miscommunication.

Your help in this matter will be sincerely appreciated.

Sincerely,

Michael J. Gorjay, V.P.
Melrose Operating Company
