13 Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

With consideration given to the request of the surface leasee, Justin Magby, BEPCO L.P. respectfully requests to alter the proposed access road to the Big Eddy Unit #220 located in Section 9, T21S, R29E. After meeting with Justin Magby and Cody Layton (BLM Natural Resource Specialist) on 3/31/08 a new access route was agreed upon by all parties present. The proposed access route was changed to avoid a potential fencing problem for the leasee.
