3. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Chi Operating, Inc. has had difficulty finding a small rig to drill this location. They are requesting to change the rig plat to include the following:

1. A 20' X 20' stinger.
2. Add 15 feet to the west side of the pad.
3. Extend the area previously used for a mud pit to the east to receive the trucks necessary to service the closed loop system.

See enclosed rig layout for the changes
