13 Describe Proposed or Completed Operation. Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection )

The Saunders Federal #12 is a producing natural gas well.

The production from this well is manifested at the Amoco #1 well meter. [Both Wells Operated by C&D Management/Freedom Ventures]  
CDM/FV is putting in a meter for the Saunders #12 and accounting for natural gas on the State C-115 & Federal MMS reporting forms.  
Accounting for well production will be done and continued in all future during the month of August 2008

*Provide date Returned to prod.*
