Dear Mr. Brown,

This letter of notice is in regards to the above well and our conversation this morning regarding submittal of electric logs. Please refer to Rule 1105.A. where the rule states that operators are required to submit all logs run 20 days after the completion or re-completion of any well.

I want to thank you for your indication that it is Purvis Operatings' intent to submit the required regulatory information in order to be in compliance with Oil Conservation Division's (OCD) rules and regulations.

Respectfully yours,

Bryan G. Arrant
