Re: Unorthodox Location
Administrative Approval Request
Burch Keely Unit #995
1200' FSL & 1320' FWL
Section 23 T-17S R-30E
Eddy County, New Mexico

Dear Mr. Gumm:

Marbob Energy Corporation respectfully requests administrative approval for an unorthodox location of the Burch Keely Unit #995 well as referenced above. Attached is an OCD Form C-102 showing the proposed oil well spacing unit along with a map showing the adjoining spacing units. This well is unorthodox to the east & north boundary of the SE/4SW/4. The affected spacing unit is included in the Burch Keely Federal Unit which covers all of Section 23. Notice has been provided to the operator and working interest owners of that unit.

This location will also increase our secondary/tertiary flood pattern options and give us more flexibility to modify or change flood patterns in the future to maximize oil recovery from this unit. The surface problem encountered was a compressor station and this was the closest acceptable location.

Thank you for your consideration of this. If you need to talk with me further please call me at 800-748-1550.

Sincerely,

William Miller
Land Department

The OCD approves the BKU
#995 unorthodox location
