Notice is given that State Oil and Gas Lease Number V02824, Assignment Number 0001, original dated 02/01/1989, has automatically expired by its own terms.

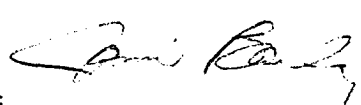

Oil and gas leases are issued for a period of five(5) or ten(10) years and assignments therefrom take the same terms and conditions as set forth in the original contract. Consequently, these expire after running their full term, unless extended by production or timely drilling operations. State Land Office records have been noted to reflect the action taken.

Notice is also given that if any assignments or other instruments of transfer of royalties in the lease production have been recorded in the office of the county clerk wherein these lands are situated, the holders of such instruments must see that they are released from record as required by law. (Sections 70-1-1 through 70-1-5, NMSA, 1978 {1995 Repl. Pamph.}).

Notice is further given that the Commissioner of Public Lands will look to you, as lessee of record at the State Land Office, for reimbursement to the State for any production from the premises formerly leased to you that occurs after lease expiration as a consequence of your failure to notify working interest owners of lease termination. You should therefore immediately notify in writing all holders of working interests in the lease that the lease has expired effective 08/31/1999.

Very truly yours,

RAY POWELL, M.S., D.V.M.
COMMISSIONER OF PUBLIC LANDS
